

ATARI Diagnostic Test Tape (FD100008)#

From the ATARI 1010 Cassette Recorder Field Service Manual we find on page 3-1 the existence of ATARI Diagnostic Test Tape (FD100008). On page 3-5 we find the instructions on how to do the READ/WRITE verify test on the ATARI 1010 Cassette Recorder.

ATARI 1010 Cassette Recorder Field Service Manual

ATARI 1010 Cassette Recorder Field Service Manual page 3-5 ; instructions on how to do the READ/WRITE verify test on the ATARI 1010 Cassette Recorder

Besides an ATARI computer and a BASIC cartridge, we need the above mentioned test tape and an blank cassette tape. Here, we can use a 'normal' one, else the official ATARI Blank Cassette Tape (FD100009). Please see the pictures below.
