

## **convert red pages from manuals into white pages#**

In Germany many manuals were delivered on red papers with black letters for copy protections purposes. Even when scanned it is hard to read these manuals. Therefore, with the now available techniques, it is possible to get around this problem with Adobe Photoshop.

Attached is link to a movie for converting red manual pages to white pages with Adobe Photoshop CS4:

- [Seiten von schwarz-rot nach schwarz-weiß konvertieren](#) ; size: 162.9 MB
