

Jump to DOS#

```
;
; TODOS.ACT
;

; This little PROCedure allows you to exit any ACTION! program to the
; ATARI DOS 2.0S DUP.SYS Menu.
;
; WARNING: This PROC will work properly ONLY if you have WARM booted
; your system with an ATARI 2.0S DOS.SYS file on the diskette
; in Drive #1. Furthermore, you must have a diskette with
; with DUP.SYS on it in Drive #1 before calling this PROC.
;
; You may return to the ACTION! environment by selecting option "B"
; (Run Cartridge) from the DUP.SYS Menu, but your ACTION! program will
; have been wiped out by the exit to DUP.SYS!
;
;
; Enjoy!
